

Dear PTA/PTO Member,

We need your help to offer an exciting educational experience to our students with hearing loss. *Hearing Our Way* is an inspiring educational magazine that reinforces and boosts speech, language, listening, literacy, and self-advocacy skills that our children need to succeed in the classroom and beyond. It is the premier publication, and only one of its kind, for children with hearing loss. All of the content is written and edited by teachers of the deaf specifically to meet the language and literacy needs of children with hearing loss. *Hearing Our Way* brings reliable, relevant, and engaging content into the classroom.

With *Hearing Our Way*, your child can read articles and interviews about real people with hearing loss and issues that are important to them. Best of all, students will develop and improve vocabulary, reading comprehension, critical thinking and writing skills. There is no other publication that targets language, listening, and self-advocacy skills in such a dynamic, engaging way.

Budgets are tight, and many families cannot afford to help bring this valuable resource into their homes. Teachers often do not have the budget for a group subscription. Please help us connect our students with inspiring kids and teens with hearing loss around the world!

Your Support Can Make a Big Difference!

Please see below the subscription package that I am requesting for our classroom. Can the PTA/PTO help fund this? Our students will be so excited and motivated. Thank you for considering this opportunity!
