Dear

Hearing Our Way is an inspiring, engaging magazine that helps every child in our class learn about hearing loss, language, listening, and self-advocacy skills. It also helps boost reading and critical thinking skills that our children need to succeed in the classroom and beyond. It is the only magazine specifically designed for children with hearing loss. All of the content is written and edited by teachers of the deaf. *Hearing Our Way* brings reliable, relevant, and engaging content into the classroom.

With *Hearing Our Way*, your child can read articles and interviews about real people with hearing loss and issues that are important to them. Best of all, students will develop and improve vocabulary, reading comprehension, critical thinking and writing skills. Because *Hearing Our Way* is written at an appropriate level for our students, it helps both teachers and parents discuss important topics related to hearing loss with students. And, it helps students get excited to talk to each other about hearing loss and express themselves- a key component of self-advocacy skills!

Bringing that excitement to our classroom is what I need your help with. With your contribution, your child will receive a classroom *Hearing Our Way* subscription throughout the school year with engaging content that helps them develop language, listening, and self-advocacy skills.

I appreciate your contribution of $_____ to allow your child to receive this enriching (and fun!) resource. And if you have the means to sponsor a classmate who might not be able to contribute, it is deeply appreciated. We can only bring this resource into the classroom if we have one for every student!

Thank you for your contribution and for working with me to enrich your child's education.

Sincerely,

Cut here and return with your check to your child's teacher as soon as possible.
